NEWSLETTER

Vol.1, No. 4 A and B

December 15, 1942

PERIODICALS AVAILABLE IN BRANCH LIBRARY

A partial list of periodicals received in the Atlanta Branch Library follows. The latest issue of each is available in the reading room of the Branch Library for a week following receipt, after which time it circulates to Department employees who have checked the title in the following list. Each person on the circulation list is allowed three days' use of a magazine, and then sends it on to the next address on the routing slip. Since one copy is received for employees in the eight states using the Atlanta Branch, cooperation of all readers is urged in keeping a current magazine moving along quickly. When someone on the list is not at his desk, a fellow worker should send the magazine on to the next reader, with a note to the Branch Library to return it after other circulation has been completed.

Page numbers of articles relating to the work of the Department of Agriculture are noted on the cover of each magazine. Readers are invited to check other significant material.

Please return the list, indicating titles which you wish to see regularly, to the Branch Library by January 1.
